C-470 Morrison to I-70 Reconstruction

This letter is intended to recognize the cooperative working relationship between Interstate Highway Construction (IHC) and the CDOT during the reconstruction of C-470 from Morrison Road to I-70. IHC and their subcontractors consistently showed their commitment to providing quality construction. IHC willingly worked with CDOT when change orders were required to provide the best product for the public. In addition IHC's construction phasing and planning dramatically accelerated the schedule, reducing delays and other impacts to the motoring public.

Thank you for your cooperation during this project. I look forward to working with you on future highway construction projects.

Sincerely,

A handwritten signature in black ink, appearing to read 'Riek Erjavec', is written over a horizontal line.

Riek Erjavec
CDOT R-6 SES Project Engineer
