Attention: Martin L. Holt
Metro Division Manager

Dear Mr. Holt:

The Town of Elizabeth would like to commend Interstate Highway Construction for its recent in-kind donation of concrete that was used for our new public restroom facility located in Bandt Park. Your generosity in this context helped to make a public facility more appealing. There should be more companies out there like IHC that are not only committed to doing a good job, but are also looking out for the interests of the general public.

Sincerely,
