Re: Customer Evaluation, STP R600-198 – IHC Job 315

Dear Mr. Schaeffer:

My purpose in writing this letter is to tell you what a great job your employees did on the Jordan Road Closure project. Yes, I've completed the attached customer evaluation form, but I wanted to be sure that you were aware and that you made your employees aware of the high quality of work performed by them on this project. Sure, we had issues, but your employees worked with CDOT and Arapahoe County as a team to see that the best work was achieved. No project is without its challenges, but I want to commend your staff on not getting entrenched in positions and willing to work towards solving the issues and doing their best.

I am grateful that we were able to meet the project milestone of opening the road to traffic in early December 2003. It was my pleasure to work with such a competent group of personnel from IHC. I look forward to completing this project and working with IHC in the future.

Sincerely,

  
Neil J. Lacey, PE  
Project Engineer
